

Soft Pretzels by Plum Creek Foods are hand-rolled, oven fresh pretzels that we've been selling to our customers since 2017. In that time, our pretzel business has grown significantly, and it has become the single most popular item we sell. Recently, we began offering the same pretzels as a frozen, heat-at-home option. These have been hugely popular with our customers, and we'd love to share them with you!

Frozen soft pretzels are an excellent opportunity for farm markets, cafes and other retail establishments that don't have the resources to bake soft pretzels from scratch. They can be packaged and sold frozen, or heated and sold ready to eat.

Soft pretzels can be sold in a wide variety of ways and locations, including concessions, bulk purchases, fundraisers, and much more.

Suggested Retail Prices

- Case of 16 - \$49.99
- Retail Pack of 3, Frozen - \$9.99
- Served Hot, Ready to Eat - \$3.99

Storage instructions:

For best results, keep frozen until ready to heat and serve.

Heating instructions:

Microwave: Microwave frozen pretzel on high for approximately 45 seconds or until the pretzel has reached the desired serving temperature.

Oven: Preheat oven to 350* F. Place frozen pretzels on a baking sheet and bake for 10 minutes or until the pretzel has reached the desired serving temperature.*

*Heating times may vary depending on equipment.

Hot Holding Instructions:

After pretzels are heated, they may be held under a heat lamp or in a food warmer for up to 60 minutes. Holding pretzels hot for longer than 60 minutes will result in degradation of the texture and flavor.
